TAKE CARE OF YOUR FLOORS

Taking care of your floors has never been so easy.

In this section, you will find a selection of cleaning tools designed to keep your floors spotless with minimal effort. From high-quality mops to efficient brooms, our products guarantee deep and hassle-free cleaning, adapting to all types of surfaces. Make cleaning an easy task and enjoy a brighter home!

Soft Brooms

Ideal for capturing dust and dirt without damaging delicate surfaces. They help reduce the buildup of dust and lint. Perfect for carpets, rugs, and textile surfaces.

Stiff Brooms

Designed to sweep dirt, debris, and dust from hard surfaces such as ceramic, wood, or concrete. Materials that withstand constant use without losing their shape or effectiveness. Provides greater control and strength for sweeping rougher surfaces.

PROFESSIONAL

Welcome to our cleaning and maintenance products section.

We offer a wide variety of tools, from wringer buckets and maid carts to high-capacity cleaning carts. Additionally, we provide wet floor warning signs, wire and copper brushes for specialized tasks, and durable brooms for street sweeping. Each of our products is designed to make your work easier and ensure optimal results in maintaining your environment

Wringer bucket

Our wringer buckets feature a lever system for greater liquid extraction from the mop with less effort and a base with non-slip wheels. Used in hospitals, educational centers, and companies, our institutional cleaning solutions meet all needs.

COFFEE TRADITION

Product of a coffee tradition dedicated to roasting and grinding the best selected coffee beans, resulting in a strong roast coffee of the highest quality. Coffee tradition with the best beans.

Coffee tradition with the best beans.

Bogotá Coffee

Colombia

— ORIGIN COFFEE —

Stands out for its smoothness, cleanliness, acidity, body, aroma, and excellent quality sensory profile. Grown in shaded areas on Santander soils, fertile and mineral-rich.

High-quality coffee, handpicked.

Organic coffee 11.9 Oz

Thanks to rigorous research, we managed to cultivate a chemical-free coffee, using a shaded cultivation system and significant altitudes in our regions, achieving a 100% natural roast. The result is a coffee with an environmentalist personality and flavors to enjoy a delicious cup of coffee.

Use Mode

- Shake before use. Clean the area before applying the product. Apply the required amount to the surface where you want your pet to stay away, and let it dry.
- Then, communicate to your pet that you do not want them to approach the area and apply the product when they are present.
- Use the product daily as often as necessary until your pets develop proper sanitary habits.

Not suitable for application on the coat.

Antibacterial spray

Antibacterial spray for disinfection and creating clean, safe environments, controlling bad odors by eliminating 99.9% of bacteria and germs in areas frequented by pets.
